About me

I'm Mela Dev, a dedicated Web Developer with a passion for creating robust and user-centric digital experiences. And also, a Solution-driven web developer adept at contributing to highly collaborative work environment, finding solutions and determining customer satisfaction. Proven experience developing consumer focused websites using HTML, CSS, JavaScript and Libraries like Reacts. Built products for desktop and mobile app users over 3years, meeting highest standards for web design, user experience, best practices and speed. Designed and developed web applications across multiple APIs, third-party integrations and databases.
